5.3 Affiliation

Preamble:

Affiliation is the process whereby teams "call up" players from an OMHA approved list to play in games or practices to support the operation of that particular team.

Coaches, players and parents must understand that the whole affiliation process is necessary in order to run an efficient hockey program. With this in mind, all persons involved must remain flexible and try to look at the big picture rather than their particular situation only.

The following rules have been put in place in order to protect the Association's best interests. Where a concern is raised as to the interpretation of a particular statement, the responsibility for resolution rests with the Executive. The President shall resolve any conflict.

IMHA teams shall affiliate as per OMHA rule #23 with the following additions:

- a) In order to protect the Association's best interests, each team is required to initially limit the number of affiliates to a maximum of 10. Whenever possible, players affiliated to representative teams must first be chosen from the group of players that participated in the tryout process for the age division that they are affiliating to.
- b) Where horizontal affiliation (i.e. within the same age group) is available, it has priority over vertical affiliation (i.e. from a younger age group to an older one) at Coaches discretion. Where horizontal affiliation is not available an attempt to resolve a conflict will be made by the two coaches. If the coaches cannot resolve the issue, the Coaching Director, in consultation with the President, will make a ruling and document the reasoning to the coaches.
- c) For regular season games, teams will only be allowed to bring up affiliate players to match the number of players listed on their OMHA approved roster sheet. If a team wants to go above their approved level of players on their roster using affiliate players, then approval of the respective Executive is required. This will be decided on a case-by-case basis depending on the circumstances involved. The specific exception to this rule will be in dealing with goalies where much more flexibility will be required by all involved.
- d) For Playoff games (League or OMHA), teams will be allowed to bring up affiliate players above the roster. For teams with 10 or 11 players (excluding goalies) can AP 2 above the OMHA approved roster and teams with 12 or 13 (excluding goalies) can AP 1 above the OMHA approved roster.
- e) An affiliate player may miss practice with his base team. Consent from a member of Team Management (Head Coach, Assistant Coach) of the team that the player is carded to must be received by the coach requesting use of the affiliate player. The Coaching Director must be informed of any of these consents.
- f) The player's Team Management has no right of refusal except under the following circumstances:

A conflict does not exist when:

 - the higher categorized team plays or practices after the lower categorized team plays or practices or;
 - The lower categorized team practices after the higher categorized team plays or practices;
 - By virtue of game locations and the travel involved, there is a reasonable doubt that the affiliated player would be able to make it to a game with their base team. In cases of dispute between the two coaches, the final decision rests with the President;
 - The player is under suspension. OMHA Rule 50.3 will then apply; ○ The Executive reserves the right to rule on any of the above guidelines. If any coach does not agree with the decisions of the Coaching Director he/she has the right to consult with the President whose decision will be final;
 - In the case of a player registered with both the OWH and OMHA, the player must designate their primary team at registration. The player will be

expected to follow the above rules using their primary team as their base team.

5.4 General Rules for all IMHA Teams

- a) Team officials (coaches, managers, and trainers) are responsible for the actions of their team before, during and after games.
- b) Two (unrelated) RIS (Respect In Sport) certified persons should be present in the dressing room at all times for practices and games.
- c) All players must be ready to go on the ice at game time. All games shall be scheduled to commence five minutes after the scheduled ice time allotment starts. If a team or teams are not ready to begin to play at this time, the lost time will be deducted from the actual playing time.
- d) Players should stay in their dressing room until the ice is available.
- e) No players shall be allowed on the ice without a sanctioned official present, on the ice.
- f) No player is allowed to step onto the ice until the ice machine is completely off the ice and the Zamboni door has been closed. Safety Precautions must be taken during all games and practices by checking that all penalty box and team bench doors are securely closed.
- g) Team officials and players are responsible for the condition of their dressing rooms. Tape, paper, or garbage of any kind should not be left in the dressing room, in any arena.
- h) IMHA's primary purpose of player affiliation is to ensure that teams have sufficient available players to fairly and safely play in cases of illness, injury, or other unavailability. The affiliation agreement is to fill the original compliment of players to an affiliating team. The affiliation agreement is not to be used to add to the original players signed to a team.
- i) The affiliated player's first obligation is to his/her carded (assigned) team. An affiliated player shall not be permitted to miss a regular season, playoff or tournament game with his/her carded team in order to play/practice with the team to which he/she is affiliated.
- j) Affiliation is temporary and is not intended to be used as a means by which the affiliated player can play on a regular basis with the non-assigned team. Best efforts in the spirit of fairness should be made by a coach to rotate players on an AP roster for the affiliate team to avoid over-playing one player.
- k) The Board of Directors understands and acknowledges that circumstance may exist in the case of goaltenders which may require that paragraph two or three may be adapted accordingly.
- l) IMHA will make all efforts to ensure that an equal opportunity is exists for all players to participate in OMHA and OWHA sanctioned programs regardless of their gender or identity. This includes provision of dressing room or change room space that is Gender Neutral when requested.
- m) In exceptional circumstances and with the approval of the Board of Directors, permission may be granted on a case-by-case basis for OMHA/OWHA affiliation

crossovers and exception from paragraph three. These requests must be made in writing to the Board.

- n) We understand and acknowledge that the coach requiring the use of an affiliated player shall first obtain the approval of the carded team and secondly, contact the affiliated player's parents and thirdly contact the affiliated player.
- o) Each affiliated player must sign a Player Affiliation Agreement form as well as each player's parent/guardian and both coaches of the affected teams.
- p) Players may only be AP'd to one team.
- q) Players may only be AP'd up from level they are registered, irrespective of their age. Once a player has been moved up an age group, they may not play with a team in a lower age category.
- r) Coaches should take advantage of the AP rule, which allows a player to play as an affiliated player, and should consider bringing affiliated players up to the practice prior to the affiliated game.
- s) All decisions made by the Board with respect to special affiliation cases are valid for the current hockey season only.
- t) The use of ALL Personal Devices (i.e. iPads, iPods, Blackberrys, iPhones, etc.) our prohibited from all dressing rooms. This applies to all coaches, players, parents and/or guardians.

5.5 Representative Teams

- a) The Executive shall set the date by which the selection of players to the First Entry Rep. teams and Additional Entry Rep. teams must be complete by.
- b) The Executive will provide to the coaches before tryouts the number of players and goalies the individual teams will be allowed to carry on these teams based on the number of registrants. If in the opinion of a majority of the Executive, a minimum roster must be set for a team so as to not adversely affect the rest of the teams in the grouping, they will do so and inform the affected coach. Wherever possible, the minimum roster size for all competitive teams will be set at 13 skaters with a maximum of two goalies. The goal should always be to provide more players with an opportunity to play and compete at highest level possible on behalf of the organization.
- c) The affected team will not be allowed to operate below this minimum roster without approval of the majority of the Executive.
- d) Before tryouts, an updated registration list consisting of players wanting to try out for Competitive teams will be given to each Competitive Coach for the division they are coaching. Any new registrants after this time will be told by the Registration Director to contact the coach to get on this list.
- e) Coaches will ensure all players who are trying out on this list are contacted and informed of the dates and times of tryouts.
- f) A Tryout and Player Evaluation Committee comprised of 2 Board members and up to 3 additional members or individuals outside of the organization with no conflict of interest will be formed to finalize the roster of all representative teams in consultation with the coaching candidates or appointed Head Coach. Any costs incurred with involvement of an external evaluator, at the request of
